11TH ANNUAL REGIONAL PYBAY CONFERENCE

FOR THE COMMUNITY BY THE COMMUNITY

Sponsorship Prospectus

Thank you for your interest in sponsoring PyBay!

About the Conference

PyBay was started in 2015 as the premier Python conference of the San Francisco Bay Area, and the first regional Python conference on the West Coast.

2026 will mark our 11th PyBay, a return of our proven in-person format, located at our original venue, the Mission Bay Conference Center in San Francisco. Last year's PyBay featured:

- 1 day / 2 talk tracks
- 27 talks, including long talks and lightning talks
- >300 in-person attendees
- Recordings uploaded to [YouTube channel with 18,000+ subscribers](#)
- For a feel of what PyBay was like - [check this short clip!](#)

This year, we're aiming to go even bigger. For more details, see <https://pybay.org>.

About the Organizers

Our organizers comprise an all-volunteer team of community members from around the Bay Area. The organizing team is backed by the Bay Area Python Association (BAPyA), a fiscal sponsoree of the Python Software Foundation, a 501(c)(3) non-profit corporation. BAPyA's board has been involved in PyBay since inception. For more details, see: <https://bapya.org>.

About the Sponsorship Process:

Since PyBay is a fiscal sponsor of the PSF, all sponsorship agreements and payment shall be between the Sponsor Company and the PSF. Here is the high level process:

- 1) Email sponsorship@pybay.org to confirm exactly what your company will sponsor
- 2) Sign a contractual Sponsorship Agreement with the PSF for PyBay.
- 3) Provide PyBay with sponsorship and marketing info (e.g. logo, blurb for website, etc.
